### Dear business partners, dear cycling friends!

Right now you are holding in your hands the new 2018 GROFA Workbook for LOOK!

This GROFA catalogue is, for the first time, a part of our Brand World in the new 2018 GROFA Bike-Workbook, which will also be made available to you in a digital version.

Please take this opportunity to browse through the entire portfolio of the GROFA Brand World for specialist bicycle retailers.

You will find many familiar brands and top-sellers from the GROFA range in our 2018 Bike-Workbook – but it is also with great pride that we would like to offer, for the upcoming 2018 season, new and strong brand highlights such as the brand new bicycle tyres from PIRELLI and the complete saddle program from SELLE ITALIA, SELLA ITALIA, SPORTOURER and NET!

Furthermore, in the last few months, we have sharpened our digital presence for you and the future. Our homepage now sports a completely new design and combines informative brand content as well as service functionalities for you and our joint customers – the end consumer – on a modern, user-friendly platform!

On the basis of the Brand World, the important digital tools for the future and the strong team at GROFA, we are positive about the future, and are looking forward to the 2018 bike season and continuing a successful and partnership-based business relationship with you!

Vom Freizeitsportler bis hin zum Profi liefert LOOK Pedale “per excellence” made in France. Bei Ferrari, Maserati oder Lamborghini ist es nicht leicht, die richtige Modellwahl zu treffen, so geht es vielen auch bei LOOK Bikes. Mein Favorit für die Saison 2018 ist das LOOK 785 Huez RS #alwayslookforthetop

”

For the recreational athlete all the way through to the professional, LOOK delivers pedals and bikes “par excellence” made in France. When it comes to Ferrari, Maserati or Lamborghini, it is not easy to select the right model, and it is often the same story with LOOK bikes. My favorite for the 2018 season is the LOOK 785 Huez RS #alwayslookforthetop
